We wanted to show you our award-winning team. But they're all too busy delivering Business Excellence.

At Hutt City Council, our entire team is totally dedicated to delivering excellence to the region's businesses and residents. In fact, we've just won a prestigious Bronze award from the New Zealand Business Excellence Foundation. We're only the second council in New Zealand to have ever gained such recognition (no New Zealand company or council has ever won gold). All of which underlines the thinking we embrace: **Start with the right people. Add the right attitude. Get the right results.** If you're looking to join a place of excellence, remember Hutt City Council. Because delivering excellence is about a lot more than just showing a photo.
